

District Agriculturist Appointed for M.D. No. 61

The Council of the Municipal District of Wainwright No. 61 met in the Council Chamber of the Municipal District on Thursday the 13th day of June 1946. Deputy Reeve Spencer was in the Chair. Councillors Dalrymple, Spencer, Taylor, Smale, Golding and Archibald present.

Minutes of the meeting of May 9th were read and corrected the correction being the inserting under the heading "Public Works" and after the words "to be earned on a 50-50 basis" the following motion:

Moved by Mr. Spencer that the Articles of Agreement between the Department of Public Works and this District as presented amounting to \$10,000.00 Grant be accepted and that the Reeve be empowered to sign same on behalf of the District.

(Motion lost, Mr. Spencer voting for the Motion.)

Secretary's Note: The draft of the allocation of 1946 Grant monies was presented to the Council but was not approved. Articles of Agreement and no copy of the draft is filed with the Municipal District, but the agreement of allocation as accepted by Council appears after Motion 167, Page 5 of the Minutes of May 9th, 1946, copy of which is on file and should be approved by Council.

Moved by Mr. Smale that the Minutes of May 9th, 1946 be accepted as corrected. Carried.

Moved by Mr. Dalrymple that the accounts amounting to \$31,746.58 be passed and paid.

Moved by Mr. Smale that the account of W. H. Wilkinson for alleged damage to car be returned as the Council claim no responsibility. Carried.

Representatives from the University of Alberta Hospital interviewed the Council with reference to outstanding accounts from the former Municipal Districts of Vale and Ribstone. After taking these accounts individually and discussing same, the following motion was presented:

Moved by Mr. Smale that a cheque for \$400.00 be tendered to the University of Alberta Hospital as full settlement of accounts outstanding as at this date. Carried.

Moved by Mr. Spencer that the Monthly Statement of Receipts and Expenditures dated May 31, 1946, be accepted as read and incorporated in the Minutes. Carried.

Moved by Mr. Spencer that as it is expedient and deemed necessary to borrow to meet the second quarter requirements for School, Hospital and Doctor purposes, the Reeve and Treasurer be and are hereby authorized to borrow from the Bank of Montreal the sum of Twenty Thousand Dollars (\$20,000.00) on Securities now lodged with said Bank. Carried.

As per advertisement in the Alberta Gazette of April 30th, 1946, under provisions of the Tax Recovery Act the following parcels of land not redeemed were offered for sale by Public Auction.

NW 12-43-3-4	SW 12-43-3-4

No bids received Sale was declared closed.

Moved by Mr. Smale that this Council recommend the reinstatement of Old Age Pension to Joseph A. Roy. Carried.

Correspondence read from the Department of Lands and Mines as to the NW 5-44-3-4.

Moved by Mr. Golding that a cheque for ten dollars be drawn on the Treasury Branch to accompany the application for the purpose of \$5.35 acres in the said parcel payable to the Department of Lands and Mines. Carried.

Moved by Mr. Spencer that the following leases be approved:

SW 12-42-4-4, D. O'Connor, 1946 Grazing; NE 3-42-1-4, P. Collette, 1946 Grazing; NE 6-44-4-4, C. V. Fisher, 1946 Grazing; NE 20-44-4-4 (W. of R.), Rober & Hearn, 1946 Grazing. Carried.

Application of D. LeRoque for the purchase of the NE 6-42-4-4 and buildings NE 1-43-1-4 tabled until

R.C.S.C. "Exeter" Entertain Edmonton and Camrose Cadets

The Royal Canadian Sea Cadet Corps "EXETER" were hosts to detailed parties from R.C.S.C. "Camrose" and R.C.S.C. "Warrior" of Saturday and Sunday, June 16th and 17th, "Warrior" travelling by train and "Camrose" with their baggage and equipment on the main street between the Town Clock and the Railway station, after divisions had been reported and the Colour guard inspected, the Ships company moved off at 15.00 and proceeded to the beach at the sailing base at the post office in the following order:

Band: consisting of 4 kettledrums, 1 bass drummer and four buglers in charge of Lieut. Henry of the divisions.

EXETER Colour Guard, commanded by Midshipman Wilbraham, R.C.N.V.R. of Wainwright.

Port Division consisting of "Camrose" and "Warrior" commanded by Lieut. Reginald of Edmonton.

Starboard Division consisting of "Exeter" commanded by Lieut. Murrant C.O. "Camrose" Corps of Camrose.

The Salute was taken by Lieut. S. Coomb R.C.N. (B) of H.M.C.S. "Non-such", Lieut. Finlay, R.C.O. "Exeter" were the inspecting officers ashore.

The Parade moved north past the Post Office to the Wainwright School grounds where a fast ball tournament between the "Warrior" and "Exeter" got under way, the game ended with a one-sided score of 10-3 for the local sailors.

SUNDAY, JUNE 16th

Markers called at 10.30 at the school grounds and the amalgamated ships company, under the command of Lieut. Finlay, Executive Officer, "Exeter" again headed by the "Camrose" Bugle Band paraded to the St. Andrews Presbyterian for the annual church parade, conducted by the Rev. A. R. Hancock, Lieut. C. Wilbraham, Commanding Officer of "Exeter" read the lesson, a duty set out by Naval Service, one of the hymns chosen was that well known "Eternal Father Strong To Save".

The sermon text was "Blind Men and Donkeys". After the service the parade proceeded to the Blessed Sacrament Church to await the R.C. Division who attended Mass. The parade reformed and advanced to the Town Clock for dismissal.

The fast ball game between the "Exeter" and the "Warrior" completed the exercises with a score similar to that of Saturday game.

The Wainwright Sea Cadet Committee wish to thank all the kind people of Wainwright who belittled the visiting officers and ratings, to Mr. May for his generous contribution to this worthy boys work in reducing the admittance charge to the picture show to all cadets in uniform.

The officers of the Local Corps express their appreciation to "Camrose" and "Warrior" for their contribution in man power and excellent Bugle Band which made this annual parade such a success.

Don't Borrow From Personal Friends!

It was Shakespeare who said: "Neither a borrower nor a lender be. For loan oft loses both itself and friend."

Shakespeare's advice is as sound today as it was when he wrote it, but, then, he was talking of personal friends.

Today, there is no need to lose friends because you need money, for lending money is everyday business at the bank of Montreal, and because it is done on a sound and business-like basis, the bank, instead of losing friends, makes more and more every day.

To anyone in a position to repay without hardship, the Bank of Montreal lends money for any constructive purpose and at a rate so low as to be negligible—one-half of 1% per month, or 2% a month for \$100 loan, repayable in 12 monthly instalments.

The Bank is glad to do that. That is what it is for, and no true friend should ever trouble another friend for a loan while such a service is at his command.—ADVT.

Wars to end wars are an illusion. Wars are not wars any other form of human activity, create the conditions which breed more wars.

—John Foster Dulles

District Couple Wed At Afternoon Ceremony

The United Church, Wainwright was the scene of a pretty wedding on Friday, June 14th when Miss Clara Deyell, eldest daughter of Mr. and Mrs. R. Deyell became the bride of Alexander Sardofo, only son of Mrs. N. Sardofo and the late Mr. John N. Sardofo of Hope Valley. Rev. J. Whelan performed the ceremony.

The bride who was given in marriage by her father, was lovely in an afternoon frock of pastel blue trimmed with rows of fine tucking. She wore a chapel veil with a white wreath of flowers. Her accessories were white and her corsage was of red roses. Her only ornament was a gold pendant, the gift of the groom.

Miss Gladys Democourt, as bridesmaid, was gowned in an afternoon frock of pastel pink with veil to match. Her corsage was white carnations.

The bride's brothers Messrs. Arno and Harold Myggland acted as ushers following the ceremony. Mrs. Deyell received in a gown of black with blue and white jersey top and black accessories and corsage of white carnations. Mrs. Sardofo also received in a black and white sheer gown with white accessories and corsage of white carnations. The house was charmingly decorated with streamers of pink and white crepe paper and a profusion of lilacs. The bride's table was centered with a three-tiered wedding cake.

The bride's going away costume was a line green dress trimmed with black, topped by a beige coat and black accessories. After a short honeymoon trip the happy couple will make their home on the groom's farm in Hope Valley.

June Nuptials For Local Couple

St. Andrew's (Pres.) church decorated with lilacs and spring flowers was the setting for a pretty wedding on Wednesday, June 13th at 3:00 p.m. when Miss Elsie Linnes Myggland, younger daughter of Mr. and Mrs. L. Myggland of Wainwright became the bride of Mr. Cecil Fletcher, son of Mr. and Mrs. J. Fletcher of Paykan. Rev. A. R. Hancock performed the wedding ceremony.

Given in marriage by her father the bride was lovely in a floor length gown of white trimmed with beads and wore a chapel veil. Her only ornament was a gold locket a gift of the groom. She carried a bouquet of red roses.

Mrs. F. McClelland attended as bridesmaid in a floor length gown of white with headpiece to match and carried multi-colored carnations and pink gladioli. Miss Elsie Plaxton, bridesmaid chose a floor length pink sheer frock with matching headpiece and carried a bouquet of pink gladioli and rose carnations.

The groom was supported by his brother, Mr. Clifford Fletcher, and Mr. Frank McClelland, brother-in-law of the bride.

The bride's brothers Messrs. Arno and Harold Myggland acted as ushers following the ceremony. Mrs. Deyell received in a gown of black with blue and white jersey top and black accessories and corsage of white carnations. Mrs. Sardofo also received in a black and white sheer gown with white accessories and corsage of white carnations. The house was charmingly decorated with streamers of pink and white crepe paper and a profusion of lilacs. The bride's table was centered with a three-tiered wedding cake.

The bride's going away costume was a line green dress trimmed with black, topped by a beige coat and black accessories. After a short honeymoon trip the happy couple will make their home on the groom's farm in Hope Valley.

Hospital Ratepayers Hold Annual Meeting

The Annual Hospital Ratepayers meeting was held at the Masonic Hall Wainwright, at 2 p.m., June 20, 1946. Trustee Gould, chairman of the meeting, opened the meeting and then called for nominations for chairman.

Mr. Myggland nominated Mr. R. Valieu. No further nominations forthcoming Mr. Valieu was elected chairman.

Nominations were then called for a secretary.

Mr. Myggland nominated Mr. G. Graham. No further nominations forthcoming Mr. Graham elected as secretary.

The minutes of the last annual meeting held June 2, 1946 were read and on motion of Mr. Gould were accepted, Carried.

Mr. Gould gave a very interesting talk on the history of Municipal Hospitals in Alberta, and on the activities of the Wainwright Municipal Hospital since it was established in 1927. He brought to the attention of the ratepayers present, the necessity of building a larger hospital in this district as the present building is a tiny shack, small for the demands placed upon it. The building is not suitable to be added to. He expressed the wish that the ratepayers would give this matter serious thought as health, good health, was the chief asset in life.

Moved by Mr. Dietrich that Mr. Gould report be accepted and a hearty vote of thanks be given. Carried.

The secretary then read the auditor's report and the financial statement for the year 1945. Moved by Mr. G. Lewis that this report be accepted. Carried.

Mr. D. Gardiner also gave a talk on the advisability of enlarging the hospital district and building a larger hospital, pointing out that the larger the hospital the better facilities there would be both for doctors and patients. Moved by Mr. Myggland that Mr. Gardiner be given a hearty vote of thanks for his interesting talk. Carried.

Moved by Mr. Haywood that this meeting go on record that a new hospital be built to accommodate the area that will finally be decided upon. Approximately 50 to 60 bed hospital. Moved by Mr. Myggland that the Hospital Board can not take immediate action re building, but that secretary write the Municipal District No. 61 asking if a meeting could be arranged in July so that the above matter can be decided upon. Carried.

Moved by Mr. G. Lewis that secretary write to the Department of Health requesting information as to the maximum amount of debentures that could be sold to build a fifty bed hospital for the Hospital Area as it now is. Carried.

The meeting was very poorly attended but those present took a very keen interest in the reports and the discussions and were unanimous regarding the building of a larger hospital.

Moved by Mr. Lewis that the meeting adjourn.

W.I. Cancell
July Meeting

The monthly meeting of the Wainwright W.I. was held at the home of Mrs. Symes. There were seven members and one visitor present. Mrs. Symes presided as in the chair.

Mrs. Chynoweth was chosen to act as delegate to the District Conference held at Kinross on Friday, June 14. The members decided to omit the July meeting as so many would be away on holidays. The next meeting will be held at the home of Mrs. C. Wilbraham on Thursday, August 5. Roll call to be answered by "where you met your husband." Hostesses, Mrs. Michon and Mrs. Delisle. The raffie gift donated by Mrs. Smith was won by Mrs. Wilbraham.

Home Ec. 1 Entertain Mothers and Friends

A pleasant tea hour was spent on Friday afternoon, June 21, when the girls of the Home Economics I class of the Wainwright High School entertained their mothers and friends. After a short talk outlining the aims and methods of the course given by the instructors, each student modelling a blouse, skirt, or dress of her own construction, was presented to the guests. Many interested comments were made regarding the various garments, handiwork, projects, and notebooks displayed for inspection.

The girls served tea, Mrs. F. E. McLeod pouring from an attractive table laid in damask and Belgian lace and centred by a low bowl of lilacs and mountain poppies.

On leaving the guests expressed to Miss L. Bloom, the teacher in charge, the hope that such an event be held annually by the Home Ec. I class.

With the Field Supervisor
By F. W. Madrox

ATTENTION VETERANS

The Agricultural Service Board has been set up in the M.D. of Wainwright to assist the farmers towards better farming.

I am a veteran of the R.C.A.F. and have been appointed Field Supervisor. I am greatly interested in helping the veterans who are starting farming to solve any problems that so often crop up on the farm.

Don't forget those weeds, Koyas, WEEDS are the BUREAU of all farms and if they are not controlled they will drive you off your farm as they have done in many cases in the prairie provinces. So if you have any problems drop me a line or drop in and see me at the Municipal Office, Wainwright.

The trouble with the world today is simply—"millions of me—multiples"

the Secretary-Treasurer of the Town
of Wainwright from ten o'clock in the
forenoon until four o'clock in the
afternoon on every day not a public
holiday except Saturday, and on that
day from ten o'clock in the forenoon
until two o'clock in the afternoon, and
that any person who desires to object
to the entry of his name or that of
any other person upon the said roll,
or to the assessment of any property,
or to the assessed value placed upon
any property must within thirty days
from the date of this notice lodge
his complaint in writing with the
Secretary-Treasurer of the Town of
Wainwright.

Dated this 22nd day of June, 1946.
DON FAWCETT
Secretary-Treasurer
Confidence, not compromise, is the
key to success in a conference.

World Of Wheat

A NOTABLE DIAMOND JUBILEE
This year 1946 is the Sixtieth An-
niversary—the Diamond Jubilee—of
the founding of the Dominion Experi-
mental Farms. This remarkable sys-
tem, this chain of Experimental
Farms, is second to none in the world.
It is the result of the vision of a
notable genius—the late Dr. William
Saunders—who 90 years ago was
gripped by the thought that some-
thing more could be done in Canada
for the advancement of agriculture,
so after much travel and thought he
inaugurated the Experimental Farms
System, which now extends from the
Pacific to the Atlantic.

Marquis wheat, which extended
west growing widely over the West,
was the first great achievement. Lat-
er came rust-resistant wheats, which
have saved farmers, it is estimated,
an average annual loss of not less
than 100 million dollars a year. Not-
able improvements, too, have been
made with other crops, with livestock
and with livestock products. No one,
therefore can possibly assess the
high money value to farmers that has
resulted from the work of the Domi-
nion Experimental Farms. It can,
therefore, truly be said that there will
never come an end to the great good
that has been accomplished for
farmers, and so for all Canadians, by
the work of this most excellent in-
stitution with its corps of talented
scientists in agriculture.

ITEMS OF INTEREST IN
THE WORLD OF FOODSTUFFS
It is reported that the Ukraine is
threatened by drought, and that un-
less rain is received soon, serious
damage may occur to the maturing
wheat crop.—The Italian wheat har-
vest is being threatened by locust
damage in the Rome area.—The
bread situation in South Africa has
led to rationing in large urban cen-
tres.

General rains have greatly im-
proved crop prospects in most parts of
Alberta and Saskatchewan.—Crop
conditions in France were quite favor-
able during May, and prospects im-
proved considerably.—Reports from
Australia continue to indicate the
best seeding conditions in a number
of years.

HAIL INSURANCE

WHY?

Those crops of yours represent a year's investments of the lives of you
and your family. They are the result of an outlay of money and of your
own hard work. The vagaries of hail can destroy them and your labour and
money will go for nothing unless you have protected yourself with Hail
Insurance.

You look to those crops to carry you one year nearer to financial inde-
pendence and a life less heavy with work and worry. One year of Hail can
set back that objective and the continuance of hail strikes down your hopes
almost entirely unless you have had the foresight to keep insured against
this catastrophe.

The cost measured in terms of an average crop is small and is no excuse
for being without the protection. If your crop yield is a bushel less than
you had anticipated you think nothing of it, yet you can get a lot of Hail
Insurance for a bushel or less of grain.

WHERE?

Insure with your own Co-operative Hail Insurance Board which gives
you greater protection for a longer period than will any other Hail Insur-
ance organization. Buy a policy with these necessary features:

1. An allowance of 100% whenever the Hail damage is more than 85%
(about 20% of crops damaged by hail are in this class).
2. Protection to October 1st—usual date of termination is noon Septem-
ber 15th, when if your crop is still standing the hazard is greatest and
very little hail will shell it badly.
3. Premium payable \$5.00 with application and the balance in the Fall.
4. A reduction in premium if you pay cash with your application and are
not haled. (The Board refunded 5% of the premium in 1946 and will
pay this much or more in 1946).
5. Backed by sufficient finances to provide for payment in full of all
claims for hail damage.

All this is provided for under our Standard Plan of Insurance. For those
who want more protection than is available under this plan the Board pro-
vides a Pro Rata plan which gives the first two advantages listed above,
but under which the amount paid out for losses is dependent upon the amount
of the premiums. By using both plans of insurance, a policy holder may
obtain protection of from \$10.00 to \$15.00 per acre.

GREEN, RED AND WHITE

In an article that we came across the other day, a very good illustration of the wage-cost production was given. We are herewith passing it along so that all might receive the same enlightenment as we did.

This article is written by R. J. Deschamps, Ottawa Economist, who as far as we know has no axe to grind or side to take. We feel that he has taken a simple example and explained the very fundamentals of production cost so that any person of ten years old can understand them. His article begins:

"Here are 100 cubes, two inches to a side. They are coloured—30 green, these represent labour; 30 red, raw materials; 20 white, these represent 'all other costs'."

Stand back, look at them from a distance; the colours blend. Snap out of it, come closer, you have before you a product into which has gone labour, raw materials; and an omnibus item, which we call 'all other costs'."

Green, that is labour, wants more, a larger share of the total product, claims that it can take some from the others, yet what is left will be as great as it was before. Try it yourself, find out how impossible it is.

If it can be done, then the reverse is also true: Red and White can take from Green, and Green will be as rich as it once was: Ask Green if it believes this to be true.

Even the Federal Minister of Labour admits this argument. In a recent letter over his signature, the Hon. Humphrey Mitchell writes as follows:

"Increases in wage rates where they cannot be taken care of by the employer out of profits are bound to increase the costs of goods and services."

However, there is a way where all can get more. It is very simple, produce more. Volume production tends to lower costs, make the dollar of each factor in production buy more. This is a highway to the possible, the only way in which real gains can be secured by all. If you can find a better way how to it, but don't be fooled by nominal wage increases—they mean nothing. Again in the words of the Honourable Humphrey Mitchell, "Wages have value only in regard to purchasing power."

A FEW SUGGESTIONS

We have been told by those who have seen Wainwright from the air that we have a picturesque spot and that Wainwright is nicely laid out with clean-cut lines, etc.

This might all be O.K., but there are a few suggestions that if heeded will go along way to making life a little more pleasant. We are now referring to the hedges that so frequently adorn our few sidewalks. A caragana hedge is one of the most attractive pieces of shrubbery that can be grown in a man's yard. The point still remains, it should grow in the yard and not overhang the fence by some two feet. This is a very annoying practise, that affects very few people, but if it effects your yard, why not take steps to remedy it at the earliest possible moment.

With the wet weather of late there is nothing so clammy as to try and walk home after dark and to be slapped in the face with a dripping wet caragana bough. This is happening at different spots in Wainwright and if your yard is an offender please try and remedy it. After all you try some dark night and just see how long your patience will last when 30 million rain drops slap your face and cling to the back of your neck.

Another suggestion that might go along way to making safer motoring is the trimming of hedges and shrubs to fence height, we do not mean to build the fence to the height of the hedge either. This is especially desirable where it is a corner lot. There are a few lots in town where the hedge is 5 or 6 feet high. This tends to make for hazardous driving at the corners

and intersections. Up to the present there have been few accidents in Wainwright that have occurred at the intersections, but with more motor travelling in the future these will no doubt increase.

These are two suggestions that are offered in a friendly way and we expect them taken in a friendly way. However, in our opinion we feel that if they are heeded Wainwright will be just that much better a place to live. If your yard is an offender or why not take steps to correct these faults as soon as you get home from work tomorrow.

Cattalo Farm Featured In Time Magazine

Canadian cattlemen wanted a new breed of cattle. They wanted a breed that could withstand the sub-zero winters and swirling blizzards of the western provinces. In a storm, cattle huddled with their hindquarters facing the wind, and often smothered in the thick snow. When recumbent cows and steers tried to get up, they instinctively tried to raise their hindquarters first. Often they fell on their faces, starved to death.

Cattlemen observed the habits of the buffalo. It faced the storm; it got up head first. Why not crossbreed buffalo and domestic cattle? The Dominion Experimental Farm at Wainwright, Alberta, tried it.

First they bred a buffalo bull with a domestic cow, found that the calf's disproportionately big head and shoulders killed three out of four cows at birth. Then they crossed domestic bulls with buffalo cows, and normal births ensued. But there was one drawback: the first hybrids were sterile. Nevertheless the breeders persisted.

They crossed Aberdeen Angus, Shorthorn and Hereford stock with buffalo. The offspring were called cattalo. First generation cattalo looked like king-sized cattle with a marked shoulder hump. By the third generation the hump had been bred out, reproduction bred in. So crossbreeding was dropped for straight cattalo-raising.

By last week, after 25 years of experiment, the Dominion Experimental Farm had gone far toward establishing the fact that Canadian cattalo could be successfully buffaloed. Browsing in a special enclosure in the Wainwright Buffalo Park were 75 previous sturdy calves born this spring. They were true cattalo, not hybrids but a distinctive breed. The experts were finally sure that they had taken the cattalo out of the man's biological dead end.

Today's cattalo looks more like a bull than a buffalo, but it has inherited the buffalo's robust qualities. It is bigger than a domestic bull, can stand cold much better. In weather which would freeze cattle to death, the cattalo survives.

Bred strictly for beef, not milk, the cattalo weighs up to 1½ times the average steer. Last year cattalo meat was sold on public markets and no-

Canadian Garden Service

It is never too late, at least until late June in most parts of Canada, to start a garden. With favorable weather or the use of a hose there is plenty of growth still ahead. Using well-started plants set out now there should be plenty of bloom with flowers and, of course, vegetable planting should still be going on. In some areas, indeed, it is hardly too soon to set out such things as petunias, zinnias, sweet-scented stocks, cosmos and other annual flowers which have been started in a green house, cold frame or window box. Among the vegetables in this same category will be cabbage, tomatoes, head lettuce, peppers, etc. In seeds it is not a bit too early for the main crop of turnips, and there is still time for corn, beans, carrots, beets, melons, cucumbers, squash, etc.

Growth will be hurried along with a little extra water during dry weather, with fertilizer applied carefully and, above all, with vigorous cultivation to keep down weeds and pulverize the soil.

Be Prepared

Experts advise being on a close look-out for damage by insects or diseases. If one is not watchful much of the garden will be wiped out before defensive forces can be mobilized. It is a good plan to have a sprayer and spray on hand. The best protection of all, of course, is a healthy garden, one planted from good seed, well cultivated and growing. Weeds not only are an eyesore but they harbor insects and diseases. For most bugs, a good commercial spray or dust, easily applied with a cheap sprayer outfit or shaken on from a garden bag, will soon bring things under control. The important thing, agree those who know, is to get the counter measures started at the first sign of trouble.

Showy Flowers
A really dazzling showing can be made with a few annual flowers and with very little effort. Cosmos, giant marigolds, zinnias, petunias, portulaca, nicotiana, alysium, are easily grown almost anywhere in Canada.

Some of the larger flowers like cosmos and marigolds and nicotiana can actually be used in the place of shrubs. At this late date it is advisable to use started plants which will bloom in a few weeks. These are transplanted to permanent quarters when they are well established with several sets of leaves. For bushy growth, tall cosmos, gladiolus, dahlias, giant marigolds and zinnias should have about two feet each way. Petunias, nasturtiums, medium marigolds, need about a foot apart for best results—smaller things like alysium require six inches each way.

CITIZEN ACTORS

Jasper Park Lodge—Hollywood walked into the lives of twenty citizens of the little town of Jasper, Alberta, Saturday when they were cast to appear in Paramount's "The Emperor Waltz", technicolor film on location at this famous national park, starring Bing Crosby and Joan Fontaine.

Soon after they had turned out to greet the special train bringing Miss Fontaine and the members of a location troupe to Jasper, the townspeople were interviewed at a special office set up in town and twenty were selected for roles in the picture.

Among them was Ernie Niederer, internationally known Swiss alpine guide, for years a resident at Jasper. He will not appear in the picture as an alpinist, however, but as a shepherd.

body knew the difference. Soon the first cattalo will leave the Government ranges to begin populating the prairie cornucopia. Last week A. S. McLellan, Government animal husbandry expert who has been mating cattalo for 14 years, said happily: "We've got what we were after."

Film Is Concise Review Of National Scenes

The fact that Canada, a land of 15,000,000 people, has risen to the enviable position of fourth among the industrial powers of the world has been a constant source of astonishment and amazement to the peoples of other lands.

To the people of this Dominion, however, the fact is one of which they are proud, though Canadians, too, often have to sit back and look at their nation's industrial picture from a general point of view to let the greatness of it sink in.

So Canadians can more easily understand the extent to which their own industry has progressed and to which Canada's export trade has grown, the National Film Board has produced a film in the Canada Carries On series to review the Dominion's gigantic industrial scene in concise but clearly defined terms. The film is titled, "Canada—World Trader."

In it is stressed, visually and verbally, the admirable position of this country among the other great nations. Emphasis is also laid on the important fact that wherever Canadian products are found, the importers know they have quality of the highest type. The mark, "Canada Approved", to them means the finest available.

"Canada—World Trader" does not ignore the vital fact that there are still great industrial developments waiting to be released by the healing of the world's economic ills when, as the film's commentator remarks, "The full strength of Canada's latent power can pour forth in the service of mankind, harnessed in the common tasks of peace."

CASH MONEY

-and some of it may come your way!

Yesterday Farmer Neilson got over \$200 cash when he sold his grain. Through the processes of trade and commerce, some of that money may come to you. Banking service enabled him to obtain his money quickly.

The farmer doesn't have to wait for his money until his grain reaches the consumer... this is important to you, no matter where you live or what your work.

Farmer Neilson, and thousands like him, spend money for household and farm equipment, food, clothes, radios, paint and a hundred other things. This helps keep people busy all over the Dominion.

Your bank advances credit also to help farmers plant, cultivate and harvest crops of all kinds, to buy and raise livestock. Banking service is something like the good oil in fine machinery, you never notice it. But it is a prime factor in your prosperity... in the Canadian way of life.

Hints for the Household

HOW TO FREEZE PEAS AND STRAWBERRIES

"It's June in January", might well be the theme song of homemakers who have access to cold storage locker plants or home freezing units and freeze their own garden fresh vegetables and fruits. Being able to bring summer flavoured and variety to winter menus more than compensates for the small effort expended in preparing and freezing food.

The newly revised bulletin, Freezing Fruits and Vegetables, published by the Dominion Department of Agriculture, contains the latest information on what and how to freeze. Directions are simple and specific, and will give excellent results to the homemaker freezing food for the first time, as well as to more experienced hands at this method of food preservation. This bulletin is based on actual experimental work carried on by the home economists of the Consumer Section of the Dominion Department of Agriculture, last season. The methods advocated are those which were found to give the best results among the numerous recommendations tried out.

Free copies of Freezing Fruits and Vegetables, may be obtained by writing to the Dominion Department of Agriculture, Ottawa.

Printed below are directions for freezing peas and strawberries. These products may not be at their peak in many sections of the country yet, but the directions may be followed until a copy of the bulletin is received.

Containers for packing vegetables and fruits for freezing, may include heavily waxed cylindrical cartons with slip-over or slip-in lids, oblong

cartons with bag liners, honey or jam tins (except for rhubarb) or glass sealers, particularly those with wide mouths.

In freezing, selection of vegetables and fruits is most important. Only the highest quality, picked at the right stage of maturity, that is, those at the perfect stage for "table use," should be chosen. Variety is also important, as all varieties of every vegetable or fruit do not give equally good results. Some suggested varieties are given in the bulletin referred to above, but it is recommended, that those interested check with their local Provincial Department of Agriculture for varieties in their particular locality.

FREEZING PEAS

Select peas which are garden fresh. Harvest early in the morning, choosing only tender, young peas. Shell directly into cold water, discarding overlarge or hard peas. Wash and drain. Blanch peas three minutes (blanching is really pre-cooking) by placing vegetables in a piece of cheesecloth, or wire basket, (with a lid to keep vegetables from floating), and plunging into rapidly boiling water. Count blanching time from the moment water returns to boiling point. To speed the operations use two kettles, having at least two gallons of rapidly boiling water in each. Blanch about one pound of vegetables at a time. Place vegetable in first kettle for thirty seconds only, to heat through, then transfer at once to second kettle. Time blanching from the moment the water returns to the boiling point.

Chill peas rapidly by plunging into ice water, or cold running water, then

New Ration Book Comes in September

A new chapter in Canada's rationing history will open next September when Canadians start working their way through ration book No. 6.

Color and design of the new book are still being decided by Prices Board officials, who are more worried just now about the big problem of distributing the books to approximately 12,000,000 citizens during the week of September 9-16.

Distribution will be handled through about 600 regional ration boards, which will enlist volunteer help. The first ration book issue was mailed to consumers at a cost of \$168,570, but with volunteer assistance, the Prices Board hopes to keep the cost of distributing book No. 6, below \$15,000.

dry or wet pack.

For the dry pack, fill the containers with drained peas, leaving half an inch head space, to allow for expansion during freezing. Place lid on container and label clearly.

For wet pack cover peas in the container with a chilled two percent brine, made by dissolving one tablespoon of salt in one quart (five cups) of cold water. Leave half inch headspace. One quart of brine is sufficient for four to five pint containers.

Place finished packages in freezing unit at once, or in refrigerator or other cold place until all are packed, then take to locker plant as soon as possible. As in canning, it is important to work quickly, and vegetables, liquid etc., should be kept as cold as possible at all times.

FREEZING STRAWBERRIES

Choose firm, fully ripe berries. Wash, sort, hull, slice or leave whole, pack in containers using the dry or wet pack.

For dry pack allow one pound (2 cups) sugar for each four pounds (about 12 cups) prepared strawberries. Sift the sugar over the berries in alternate layers in containers, or mix sugar and berries in a bowl, stirring and crushing slightly. Let stand until sugar is dissolved then fill containers leaving half an inch headspace.

For wet pack place berries in container and cover with medium syrup, made by dissolving one cup of sugar in one cup of warm water. Chill syrup before using. This amount of syrup is sufficient to fill two to three pint containers.

Every individual has a place to fill in the world, and is important in some respect, whether he chooses to be so or not.—Nathaniel Hawthorne.

STREET PRICES FOR EQUAL QUALITY WHEAT AT UNITED STATES AND CANADIAN BORDER TOWNS

	Canadian Funds	Difference or Cash Loss to You
NECHE, NORTH DAKOTA	1.91½	.81%
GRENA, MANITOBA	1.10	
PORTAL, NORTH DAKOTA	1.87½	.80%
NORTH PORTAL, SASK.	1.07½	
WHITETAIL, MONTANA	1.81½	.75½
BIG BEAVER, SASK.	1.05½	
SWEET GRASS, MONTANA	1.77½	.72½
COUTTS, ALBERTA	1.05	

Think of the hundreds — perhaps thousands of dollars you will lose by this difference in prices . . . AS LONG AS THE PRESENT PRICES CONTINUE.

Do you believe that your Participation Certificate can make up for more than a small part of the tremendous loss you are suffering?

You have been told that for your present sacrifice you will receive some benefit in the future.

HOW CAN YOU BELIEVE THAT?

You know full well that, in the long run, the greater part of Canadian wheat must be sold abroad at competitive world prices.

SO why shouldn't you get the higher prices now?

U.S. farmers are getting them — and importing countries are paying them.

BUT — when world production of wheat gets back to normal — YOU KNOW that buyers will buy in the cheapest market.

WOULDN'T YOU, IF YOU WERE THE BUYER?

YOU KNOW that no housewife anywhere will ever pay more for a loaf of bread one or two years from now, merely because Canadian wheat growers today are accepting less than world prices.

WHAT GUARANTEE HAVE YOU THAT BECAUSE YOU ACCEPT A LOWER PRICE NOW, YOU WILL GET A HIGHER PRICE LATER?

No guarantee at all.

And don't let anybody tell you anything to the contrary. It isn't true.

THE WINNIPEG GRAIN EXCHANGE

Even British importers think you should now be getting higher prices. Here's what Frohman's Corn Trade News said recently in referring to the need to secure the largest possible amount of wheat from the Canadian West to relieve food shortages:

"The hope must be that growers in the Canadian West will respond to the urgency of the need. BUT WE WOULD FEEL HAPPIER IF THEY WERE OFFERED A PRICE MORE NEARLY APPROACHING THE AMERICAN PRICE."

"It is asking a lot of the Canadian grower to scrape his bins for wheat and, at the same time, accept 55 to 60 cents a bushel less than his brother farmer on the other side of the border. This is one of the anomalies of control."

A LOST PRICE CAN NEVER BE REGAINED . . . BUT FURTHER LOSSES CAN BE STOPPED.

The British government has agreed to pay its own farmers \$2.00 for next year's crop; and the French government is now paying its farmers \$1.78 for this year's crop.

Yet a Canadian delegation in London recently claimed—as reported by the Canadian Press—that YOU WILL BE SATISFIED WITH A MAXIMUM PRICE OF 51¢ FOR YOUR WHEAT, BASIS NO. 1 NORTHERN, FORT WILLIAM.

What if world prices go higher next year?

Will you be satisfied with \$1.25, when OTHER NATIONS' FARMERS WILL BE GETTING MUCH HIGHER PRICES?

Members of the Winnipeg Grain Exchange are strongly in favour of a healthy FLOOR price for wheat, but they firmly believe that prairie farmers should get prices equal to those received by other nations' farmers.

THINK THIS OVER Prairie Farmers. DO MORE THAN THINK — ACT — PROTEST — AND PROTEST LOUDLY AND LONG to the powers that be, until you get justice and equality of prices.

NEWS & VIEWS OF TOWN AND DISTRICT

BORN—To Mr. and Mrs. Jack Perkins of Wainwright at the University hospital, Edmonton on June 22nd, a boy, Bryan, Donald.

BORN—To Mr. and Mrs. Harry Symes (nee June Jackson) at the Vermilion hospital, Vermilion on June 8th, a girl, Sheila June.

We understand Mr. J. Finlay has accepted a position as principal of the Vegreville Public School and will be resigning his post in Wainwright which he has ably filled for the past four years.

Mr. and Mrs. W. Johnson of Fabry have as their guests, Mr. Johnson's brother and wife, Mr. and Mrs. J. B. Johnson who motored here from Jacksonville, Tenn.

Your attention is drawn to the advertisement on page 3 regarding the Bible conference to be held at Heath commencing July 3rd.

Mr. Geo. Lambert was a visitor to Edmonton for a few days last week.

Pte. Gordon Carl, Pte. J. A. Meyers and Tpr. M. A. Toman were the local boys who landed on the Ile de France on Monday and are expected home this week.

Mrs. Guy Pigeon has as her guest her sister, Mrs. Don Anderson, of Vancouver who is visiting here.

Mr. and Mrs. Walter Gray left Friday of last week to motor to Dap, Alberta to visit with their daughter, Mrs. Elmer Budgen.

Mrs. L. E. Bean and Mrs. Buckton were visitors to the city for a few days last week.

Mr. H. U. Taylor is in town this week interviewing farmers with regard to their Income Tax returns.

Miss Joyce Renville of Edmonton is spending a holiday visiting with her parents in town.

Miss Aletha Knudson who is public health nurse for this division left on Monday night's train for Toronto and other points east on vacation and while there plans to attend the Memorial National Nurse's Convention being held there this year.

Mr. and Mrs. F. E. McLeod left the first of the week to motor to Waterton Lakes for their annual holidays.

SUNDAY, JUNE 23rd
Speaker: Mr. Osoff
Special Music
Sunday School—1:30 p.m.
Services—7:30 p.m.
Everyone Welcome

Mr. T. Fraser informs us he received a letter last week from a friend in Scotland and on reading it over decided our clothing situation isn't so bad after all. They are allotted 14 coupons for six months and to buy a suit they require 36 coupons, 18 for a coat, 9 for boots or shoes, 7 for a shirt, 6 for underwear and 2 for socks, so we can understand how the six month's allowance wouldn't last very long.

Mr. and Mrs. Russell Ganderton and son Glade accompanied by Mrs. Mary Ganderton, Mona and Dinny, left on Tuesday morning for a motor trip to the coast.

Miss Helen Tulme is here from Lethbridge to spend her annual holiday with her parents in town.

Misses Winnie Jackson and Boda Nordstrom will leave this week-end for a holiday at Banff and Calgary.

St. Andrew's Presbyterian Ladies Aid

The St. Andrew's Pres. Ladies Aid held their first monthly meeting after re-organization in the Manse on June 13th.

The meeting opened with a prayer led by Mr. Hancock.

Nearly all members were present. After the minutes were read a report on the Tea and Home Cooking Sale was given. The ladies were very grateful to the public for their support in making the tea such a success. They arranged to hold a supper in the L.O.O.F. hall on the evening of July 1st. They also discussed plans for their fall bazaar.

After the business period was over the meeting closed with the Misses Benediction. Lunch was then served by Mrs. Abernethy assisted by Mrs. Hancock.

Maughan Takes Up Acreage Permit Near Baxter Lake

Wainwright, with an extensive oil history of its own, is returning as a centre for new prospects and there is plenty of interest in the areas on all sides of the town.

Following the decision of Baxter Lake Oils to develop on the holdings originally taken up by Union Drilling Co. of Calgary, Bill Maughan, who had good opportunities for looking over the area in recent weeks has decided to take a hand on his own account. This week he took up a reservation in tps. 45 to 47, rgs. 5 and 6, totalling 19,840 acres.

The Maughan reservation is quite close to the Baxter Lake holdings and indeed may overlap the earlier reservation, which is tps. 45 and 46, rgs. 5 and 6.

Favorable geological reports have been received on the whole Baxter Lake area—Oil Examiner.

June 28-29—"Bell For Adano"

Democracy does not depend on whom you elect to rule but on how you elect to live.

Fish and Game

League Formed

This is somewhat late, but as we were only informed of this move this week we proudly announce that there has been formed a fish and game league for the Wainwright District.

Some time ago, Ducks Unlimited, were down to give an interesting lecture, complete with moving pictures. The whole affair was quite well received with a vote of thanks being given.

At present there is little activity in the league as it is a new venture of this kind for the Wainwright district. We say new, as it is hoped that this time the idea will work. Many will remember the former Fish and Game Protective Society that once functioned. It seemed to die a natural death from lack of interest. This one will, it is hoped by all the officers, function to the best advantage of everybody.

It will be announced at a later date, but we hear of information concerning the bounty to be paid on crows and magpies. This is one of the objects of the society, to control and destroy pests of a like nature.

It is also hoped that next year the society will be able to stock a few lakes and Clear Lake in particular with fish. In the fall it is hoped to be able to secure some Ringed Neck Pheasants and turn them loose in the territory to propagate. This no doubt will be a worth while venture as we understand that these birds are rather scarce in these parts.

Further information can be obtained from Mr. H. Buckle or Mr. L. Mitchell of Wainwright and Mr. A. Kleinmeyer, Fabry or Mr. J. Ford, Heath.

MEDICINE LABELS

Importance of labels or medicine containers is stressed by the Department of National Health and Welfare which warns against the indiscriminate use of drugs and pharmaceuticals without precise medical direction. The Food and Drug Act requires a label on all drugs sold in packaged form and that it shall truly reveal the nature of the contents. Take the trouble to read the label.

Movie-goers in France are now seeing French versions of five of the National Film Board's documentaries—Food, Secret of the Peace, Gully Men, Suffer Little Children and Spotlight on the Balkans.

TENDER

Tenders will be received by the Secretary, Wainwright Branch, Canadian Legion, Wainwright, Alberta, for painting the exterior of the Legion Hall, the work to include the roof, window frames, doors, overhang, etc.

Tenders will be received up to noon on Monday, July 8th.

The lowest or any tender not necessarily accepted.

CHAS. H. HORN,

Sec. Canadian Legion

GERALD

Mr. and Mrs. S. Baker of Victoria, B.C., arrived in Wainwright on Tuesday of last week and have been renewing old acquaintances in this district.

Mrs. Russell and Miss Irene Russell of Edmonton were visitors at the home of Mr. and Mrs. R. Deyell and attended the Sardoff-Deyell wedding.

Mr. H. Dowling of Edmonton also was present for the wedding of his granddaughter, Miss Jean Deyell. Other visitors from a distance included Mr. and Mrs. J. Deyell and family of Metiskow and Miss E. Mills of Unity, Sask.

Mrs. W. Walberg and two children who has been visiting her parents, Mr. and Mrs. R. Moffatt, left on Monday morning to visit friends in Edmonton.

The June meeting of the Gerald Victory Club was held at the home of Mrs. G. Valleu with 12 members and two visitors present. Roll call was "my favorite flower." Mrs. Myggland presided. Plans were made for a club picnic. Mrs. D. Rattray, Sr. and Mrs. C. Gullekson to be the committee in charge of it. The gift of the month was won by Mrs. R. Campbell. Some donated gifts were sold. A delightful lunch was served by the hostess.

Two weddings of interest to this district have taken place in the last few days, those of Mr. Alexander Sardoff to Miss Jean Deyell and of Mr. Cecil Fletcher to Miss Elsie Myggland. Our congratulations are extended to each couple.

Mr. and Mrs. G. S. Baker left on Sunday to return to their home at Victoria, B.C., after renewing acquaintances in this district for the past two weeks.

Mrs. J. Pepin returned last Monday after a short visit in Edmonton. Mr. and Mrs. Alex Sardoff returned on Saturday from their wedding trip.

Mr. and Mrs. C. Fletcher returned from their honeymoon trip to Edmonton and a surprise party in their honor was held at the home of Mr. and Mrs. L. Myggland.

SHEEPSKIN FLATS

Gill Edge played Silgo at softball on Sunday last. The game was in favor of Silgo. Really I think the score would look better not in print, but better luck next time Gill Edge.

Mr. John Roberts left last week for Mission, B.C., to spend a few weeks with his family there.

We are glad to see Mrs. Houshale out of the hospital and around again. The Women's Welfare Club held their monthly meeting at the home of Mrs. Olson with a good attendance.

A number of young people attended the Myggland-Fletcher wedding dance on Wednesday last. We wish the young couple a long and happy life together.

PELICAN

Pelican A.F.U. met at the school with 20 paid up members. The following officers were elected: President, W. H. Wilkinson; Vice President, O. Aasen; Sec.-Treas., E. S. Murray; Directors, N. Pickard, M. Belik and R. Belanger.

The Empire school children took part in the track meet in Edgerton last week. Verda Aasen and Marjory Belik being among the top performers. We think Verda's broad jump of 14 1/2 ft. worthy of comment.

The final N.F.H. show of the season was held Monday evening at Pelican and a large crowd enjoyed it. We look forward to the return of Mr. Pearson and the shows in September.

Rainbow U.F.W.A. held their June meeting at Pelican school with good attendance. The meeting was opened by Mrs. Paul Belik singing "Danny Boy." It was decided to buy material and make a layette. There followed a lengthy and informative discussion on Resolutions. Ten or twelve of our members plan to attend the Conference. Plans were made for the annual term-ending picnic at Pelican school on Sunday, June 30th. All Empire children are invited. If Marjory Belik and Verda Aasen are eligible for the Provincial

HEATH

A very pleasant afternoon was spent at the home of Mrs. J. Touchette on Friday when Rita Lapierre, a bride-elect was guest of honor at a miscellaneous shower. The gifts were wheeled in in a decorated carriage and were opened and acknowledged by the bride to be, after which a delicious lunch was served by the hostess.

Farmer's Day was enjoyed by the district in various ways. The baseball players went to Edgerton to the Sports Day. The Ford and Steenson families went to the horse racing events at Provost and others motored to Vermilion, Clear Lake and Wainwright. Unless the day is made a school holiday also it is impossible for everyone to take full advantage of it.

The Garage at Heath changed hands this week when Leo Menster moved to Wainwright with his family where he will operate a new garage and Lloyd Davis arrived to take over the business at Heath as the new proprietor. We extend to both the best wishes of the district in their new ventures and we give a special welcome to Mrs. Lloyd Davis who arrived from England last week and will make her home here.

The Bouck family have been busy giving their home a new coat of paint and its white walls and red roof look very attractive.

The Heath Gospel Mission extends a welcome to everyone to attend their bible conference from July 3rd to 7th. Special speakers and musicians will be present, among them will be Rev. Geo. Magnus of Calgary and Rev. Carlson of the Sunrise Gospel hour also of Calgary.

Local members of the U.F.A. attended the I.J.F.A. Convention at the Spencer hall at Edgerton on Thursday afternoon.

Mr. and Mrs. Bouck motored to Irma last week to visit relations there. They were accompanied by Mrs. Peterson, Sr., who remained to visit with members of her family.

Rose Willow W.I. Holds Meeting

Last week our regular meeting day greeted us with a down pour of rain so we had to postpone our meeting until the following Monday when we met at the home of Mrs. Sewell with 12 members and two visitors present.

The meeting opened by singing, "We're Glad to See You Here" followed by the creed and theme song. The roll call was answered by some very interesting facts about Alberta. The minutes were read and adopted, after which the reports of the different convocations were given. Mrs. Chynoweth was elected our delegate to attend the W.I. conference held in Kinross.

We made up a parcel of baby clothes to be used by the district nurses in Alberta for convalescents. After the business meeting was over we finished a quilt.

Mrs. James furnished a contest for the entertainment and this was won by Mrs. E. Denoncourt. The raffle was won by Mrs. G. Flaxton.

At the close of the afternoon a lovely lunch was served by the hostess, assisted by Mrs. Carey and Mrs. McTurk. The next meeting will be held at the home of Mrs. A. LaFrance. Mrs. Chynoweth acting as hostess on July 4th. —Con.

WHITE CLOUD

The census man was around last Friday.

We have word from Trinidad that Mrs. Harry Myer and two little daughters arrived safely there and like the country very well.

The big road builder is building up the road south of Tondra's.

FOOD FOR OUTINGS

Organizers of girls' and boys' summer camps are invited by the Department of National Health and Welfare to apply to the Nutrition Division at Ottawa, or to the provincial health department, for a copy of "Camp Feeding", a little booklet on camp diet. They remind camp organizers of the importance of food for growing youngsters, and of the leading place food occupies on picnic or outing.

Track Meet in Edmonton, our club will pay their expenses.

Farmers' Attention

Plan now to Modernize the farm with a new Under-Ground Storage Tank

We have been appointed the local agent for these new storage tanks. Do away with gas barrels. Farm the modern way.
